

A VISIT BY GLOBAL EDUCATION CONNECTION

During the month of August, we were visited by a group of young, vibrant and passionate students under the umbrella Global Education Connection led by Sheng Yan.

Global Education Connection (GEC) is an educational institute promoting sustainability education between China, Africa and the US. They send students to Africa on regular basis and aim to contribute to the biodiversity and sustainable development.

We thank GEC for the visit & for the keen interest on conservation & sustainability and also for their will to collaborate with us in enhancing conservation education, awareness creation, fundraising promote endangered Rothschild giraffe protection and help African community.
